

Dear Parents,

The purpose of this note is to draw your attention to the practice and policy of HYFC with regard to fines incurred by players.

In this matter, the Club abides by the rules and practices stated in FA regulations. Therefore, please take this to be specific notice that with immediate effect it is the policy of the Club to abide by referee decisions in assigning cautions. *The Club will not dispute these decisions, nor is the Club responsible for the payment of fines. The responsibility for the payment of those fines rests solely with the offending player and/or his parents/guardians.*

Therefore it will be assumed by HYFC that any parent who has permitted their child to play 11-a-side football matches understands this implicit obligation, and will abide by their responsibility in the unfortunate event their child is cautioned. Any parent failing to honour this responsibility will find that their child is no longer invited to participate in matches.

Thank you in advance for your understanding and cooperation in this rather serious matter.

Yours sincerely,

Paul Thres  
Chairman  
HYFC
